

# SINGLE THEM OUT

THIS 1 PIECE MINIMUM COLLECTION  
IS CURATED FOR DESERVING  
CLIENTS & TEAM MEMBERS

**INSTANT  
IMPRINTS**

The art of the relationship is more alive and more important than ever.

In a year like this – filled with uncertainty and change on a level we have never experienced before – how do you motivate your team or say thanks when they are not in the office?

Consider a more integrated, focused, and strategic approach with an element of personalization that is as unique as the customer or teammate.

Growing your business in an economic climate where traditional business interactions no longer apply is difficult. You can not take a client to lunch, relationship building is now virtual. Business development is now social selling.

Our one-piece minimum collection is curated to be a critical toolkit. It effortlessly compliments your virtual business development activity with a bespoke and strategic message that resonates with your client. It can also be a truly personal way to say “Thank you for all that you do” for your internal and external clients.
